The NewUSA.us pledge

The **USA of today** is ---- **Unsafe Selfish Anti-Democracy**
with greed and corruption at it's heart.
We can be a NewUSA with the Unselfish Safety for All pledge.

**** We as individuals who care about unselfish health, social and environmental safety issues can pledge to support and fight for Unselfish Safety for All and help create and support NewUSA Democracy Alliance Pledge groups country-wide.**

We should pledge to stop the perilous money and corporate greed which leads to inevitable people and planet murder. Our NewUSA Democracy Alliance members can plan and support themes that have been conveniently ignored by our government and many corporations.

We should support Themes and Creeds Lost and Forgotten like:

"Love thy Neighbor" "Liberty and Justice for All" "Thou shall not Kill"
"Of the People, By the People, For the People" "Thou shall not Steal"
"Thou shall not bear False Witness against thy Neighbor"
"Beware of False Prophets who are Wolves in Sheep's clothing"

We Can Fight for these Safety For All Needs:

Environmental Safety

**** Punish with fines and prison time corporate pollution of clean air, clean water, and our land.**
**** Abolish corporate tax rewards for planet murder.**
**** Reward more renewable projects.**

Health Care and Fair Wages

**** Create Universal Health Care and low drug costs like all other major democracies have.**
**** Stop the U.S. death rate being a worse than any other major democracies**
**** Have fair labor wages like most democracies.**
